Section A-A:

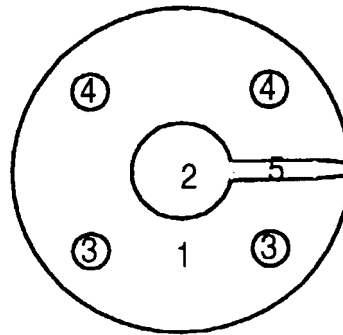

Fig. 3

The diagram shows a rectangular container divided into two horizontal zones. The upper zone is labeled '6' and contains a dashed horizontal line. The lower zone is labeled '2' and contains a wavy dashed line. The lower zone is further divided into three vertical sections labeled 'Zone 1', 'Zone 2', and 'Zone 3' from left to right. The wavy line represents the interface between the two zones, and the dashed line represents the center of mass.
